

## The Power of Systems Part 4: What's In A Name?

*KJV Luke 8:18* "Take heed therefore **how ye hear**: for whosoever hath, to him shall be given; and whosoever hath not, from him shall be taken even that which he seemeth to have".

*NIV Mark 4:24* "Consider carefully **what you hear**," he continued. "With the measure you use, it will be measured to you-- and even more.

How refers to the manner or way information is received!

What refers to the content of information received!

**Frequencies** are the numbers of times **energy waves** e.g. sound, light that pass through a place at a specific amount of time.

**Animals** hear sound at **different frequencies** (dogs, whales and dolphins) hear higher frequencies than people: so there are frequencies (sounds, light and energy) passing through us and by us **we never perceive**.

*KJV John 8:43* *Why do ye not understand my speech? even because ye cannot hear my word.*

➤ **Frequencies are important to understand because they affect our brain—how we think, feel and act!**

**Theta waves** (4 – 7 Hz) are very slow brainwaves produced while we are asleep. **Theta activity is usually high in children, people with A.D.D., depression, and learning disorders.** The theta rhythm is associated with being extremely relaxed, emotional, unfocused thoughts, paranormal experiences, and enhanced creativity.

**Delta waves** (1 – 4 Hz) are the slowest brainwaves. **If you are in this state, you are in the deepest form of sleep** (dreamless sleep) and **completely unconscious**. Delta brainwaves are very restorative and help to naturally release Human Growth Hormone, DHEA, and melatonin, which all slow the aging process.

But back the **alpha waves** the 10Hz frequency!

Satan the god of this World System transmits information to our brains to control us using this frequency. (**2 Cor 4:4**)

**Alpha waves** (8 – 10 Hz) — the alpha rhythm is associated with feelings of calm, pleasant relaxation, and daydreaming activity.

**The 10 Hz brainwave is associated with serotonin release, feelings of well-being, “super-learning”, positive thinking, and creativity.**

10Hz frequencies stimulate the brain it then signals our GI tract to release serotonin—that’s right serotonin is found in our **bellies**.

Serotonin is a neurotransmitter—it carries signals along the nerves that control our mood!

**Who’s in danger?**

Children 2-11 years old whose brains and minds are being formed by watching excessive television can be easily manipulated.

According to a Neilson in 2011 when it comes to traditional TV, **African-Americans** watch nearly 213 hours per month, more than twice as much as Asians and roughly 57 hours more than Whites.

**African-Americans** also watch the most mobile video!

As a result the media is controlling the mood of masses of people—how they think, feel and act!

➤ **This system is defining us, telling us who and what we are—naming, labeling and giving us our identity!**

**It’s a biblical principle that whoever names a thing has dominion over the thing. Gen 2:19**

How many names have you had and who gave them to you?

As a person we might have had what is known as “**nicknames**”!

Nick means “*to increase*” they are names **added** to our original name.

In order to have a **nickname** you must first have an **original name!**

**What and who has **added** things to our lives, purposes and destinies that God never intended!**

What extra actions, attitudes and behaviors has The System added to our lives that have no benefit to The Kingdom of God?

**Nicknames** that are spoken regularly begin to change how a person thinks of themselves.

*KJV Proverbs 23:7 For as he thinketh in his heart, so is he:*

Now just think of all the **nicknames** you've had—what those names say about your character, your actions and your attitude.

Because **nicknames** are usually given by people who know us, and they are based on something we were known for or their idea of who we are!

*NAB John 8:36 So if a son frees you, then you will truly be free.*

❖ Jesus wasn't a Christian, a Baptist, Catholic or Pentecostal—  
He was born a Jew but was called:

**Wonderful, Counsellor, The mighty God,**

**The Everlasting Father, The Prince of Peace,**

**Son of David, Son of Man, Master, Carpenter,**

**Bread of Life, The Stone the builders rejected,**

**The Good Shepherd, The Rose of Sharon,**

**The Lilly of The Valley, The Rock of my Salvation,**

**The Strong Man, Strong Tower, The King of Glory!**

In *Matt 16* Jesus asks His disciples “*who do people say I am?*”

He didn't ask them “*what do people call me?*”

**Jesus didn't care what people called Him!**

**But He was concerned about who people thought He was!**

One of the most important names of Jesus is: **Immanuel** = God with us!

**Immanuel** is more than just a label or title—it's a function!

*NIV Revelation 2:17 He who has an ear, let him hear what the Spirit says to the churches. To him who overcomes, I will give some of the hidden manna. I will also give him a white stone with a **new name** written on it, known only to him who receives it.*

All the names we've been called by the world, our family, friends, co-workers, teammates, fellow church members, pastors, our denominations, the devil and angels has deeply impacted our lives.

This is why I believe God gives every believer a “**New Name**” ones we alone know ourselves—and that name tells us who we really are apart from whatever opinions others may have!

I believe that name is our “**eternal name**” the name we've always had with God since God is eternal and nothing can be new to Him because He knows all things and therefore cannot learn anything.

The name is called new because it will be *new to us!*

**Satan wants to change our rhythm, alter our life by getting us to walk according to his purposes, plans and desires.**

This is why the world calls you out of your name!
